Contents

Volume 4, Number 1, 1990

i In this issue . . .

Editorial

3 Formal systems in Artificial Intelligence: an illustration using semigroup, automata and language theory *P. T. Hadingham*

21 Artificial Intelligence research at the National University of Singapore *K. Ranai, C. L. Tan & S. C. Chan*

39 Report on AI research in progress in New Zealand universities *W. P. Yeap & R. Mugridge*

VIEWPOINT

47 *Artificial Intelligence: A Far East Perspective* *Y. S. Moon*

53 Singapore's great leap: information technology in context *G. Sussman*

BOOK REVIEWS

61 Artificial Intelligence and Education *D. Gilmore, G. Cumming & S. Ross*

66 Artificial Intelligence Programming Languages *J. Rosbottom, E. Keravnou, T. Dodd & M. Merabti*

73 Computational Linguistics *G. Byron, L. Bolc & I. Crookston*

Volume 4, Number 2, 1990

iii In this issue . . .

79 Nonmonotonic reasoning, nonmonotonic logics and reasoning about change *J. Bell*

109 Numerical and symbolic approaches to uncertainty management in AI *D. A. Clark*

VIEWPOINT

147 'The strange story of the Preceptron' *R. S. Forsyth*

Volume 4, Number 3, 1990

v In this issue . . .

Response Time
Qualitative Application Languages for Knowledge Acquisition *Stuart H. Rubin*
A viewpoint on Singapore *C. K. Yuen*
A reply to C. K. Yuen *G. Sussman*

157 A second reply to C. K. Yuen *Colin Beardon*

163 Nonmonotonic Reasoning *F. M. Donini, M. Lenzerini, D. Nardi, F. Pirri & M. Schaerf*

211 Issues of Non-Determinism in *PROLOG* and the Committed Choice Non-Deterministic Logic Languages *R. Trehan & P. F. Wilk*

BOOK REVIEWS

233 Artificial Intelligence and its Applications *H. Weston Rooms, D. West, T. Gillie & J. MacDonald*

239 Robotics and Vision *J. Billingsley*

243 Artificial Intelligence Programming Languages *T. Dodd & D. Long*

247 Theoretical Artificial Intelligence *A. Ramsay*

Volume 4, Number 4, 1990

vii In this issue . . .

251 Intelligent Tutoring Systems: an overview *Hyacinth S. Nwana*

279 Planning in a commonsense framework *Carlos Pinto-Ferreira & João Pavão Martins*

BOOK REVIEWS

295 Artificial Intelligence and Education *T. Drapkin*

297 Artificial Intelligence and Philosophy *A. Ramsay*

302 Artificial Intelligence and its Applications *S. Hedges, A. P. Magill, E. P. Curran, M. Merabti, M. Davies, T. Dodd & T. C. Fogarty*
